41.76 Square Miles

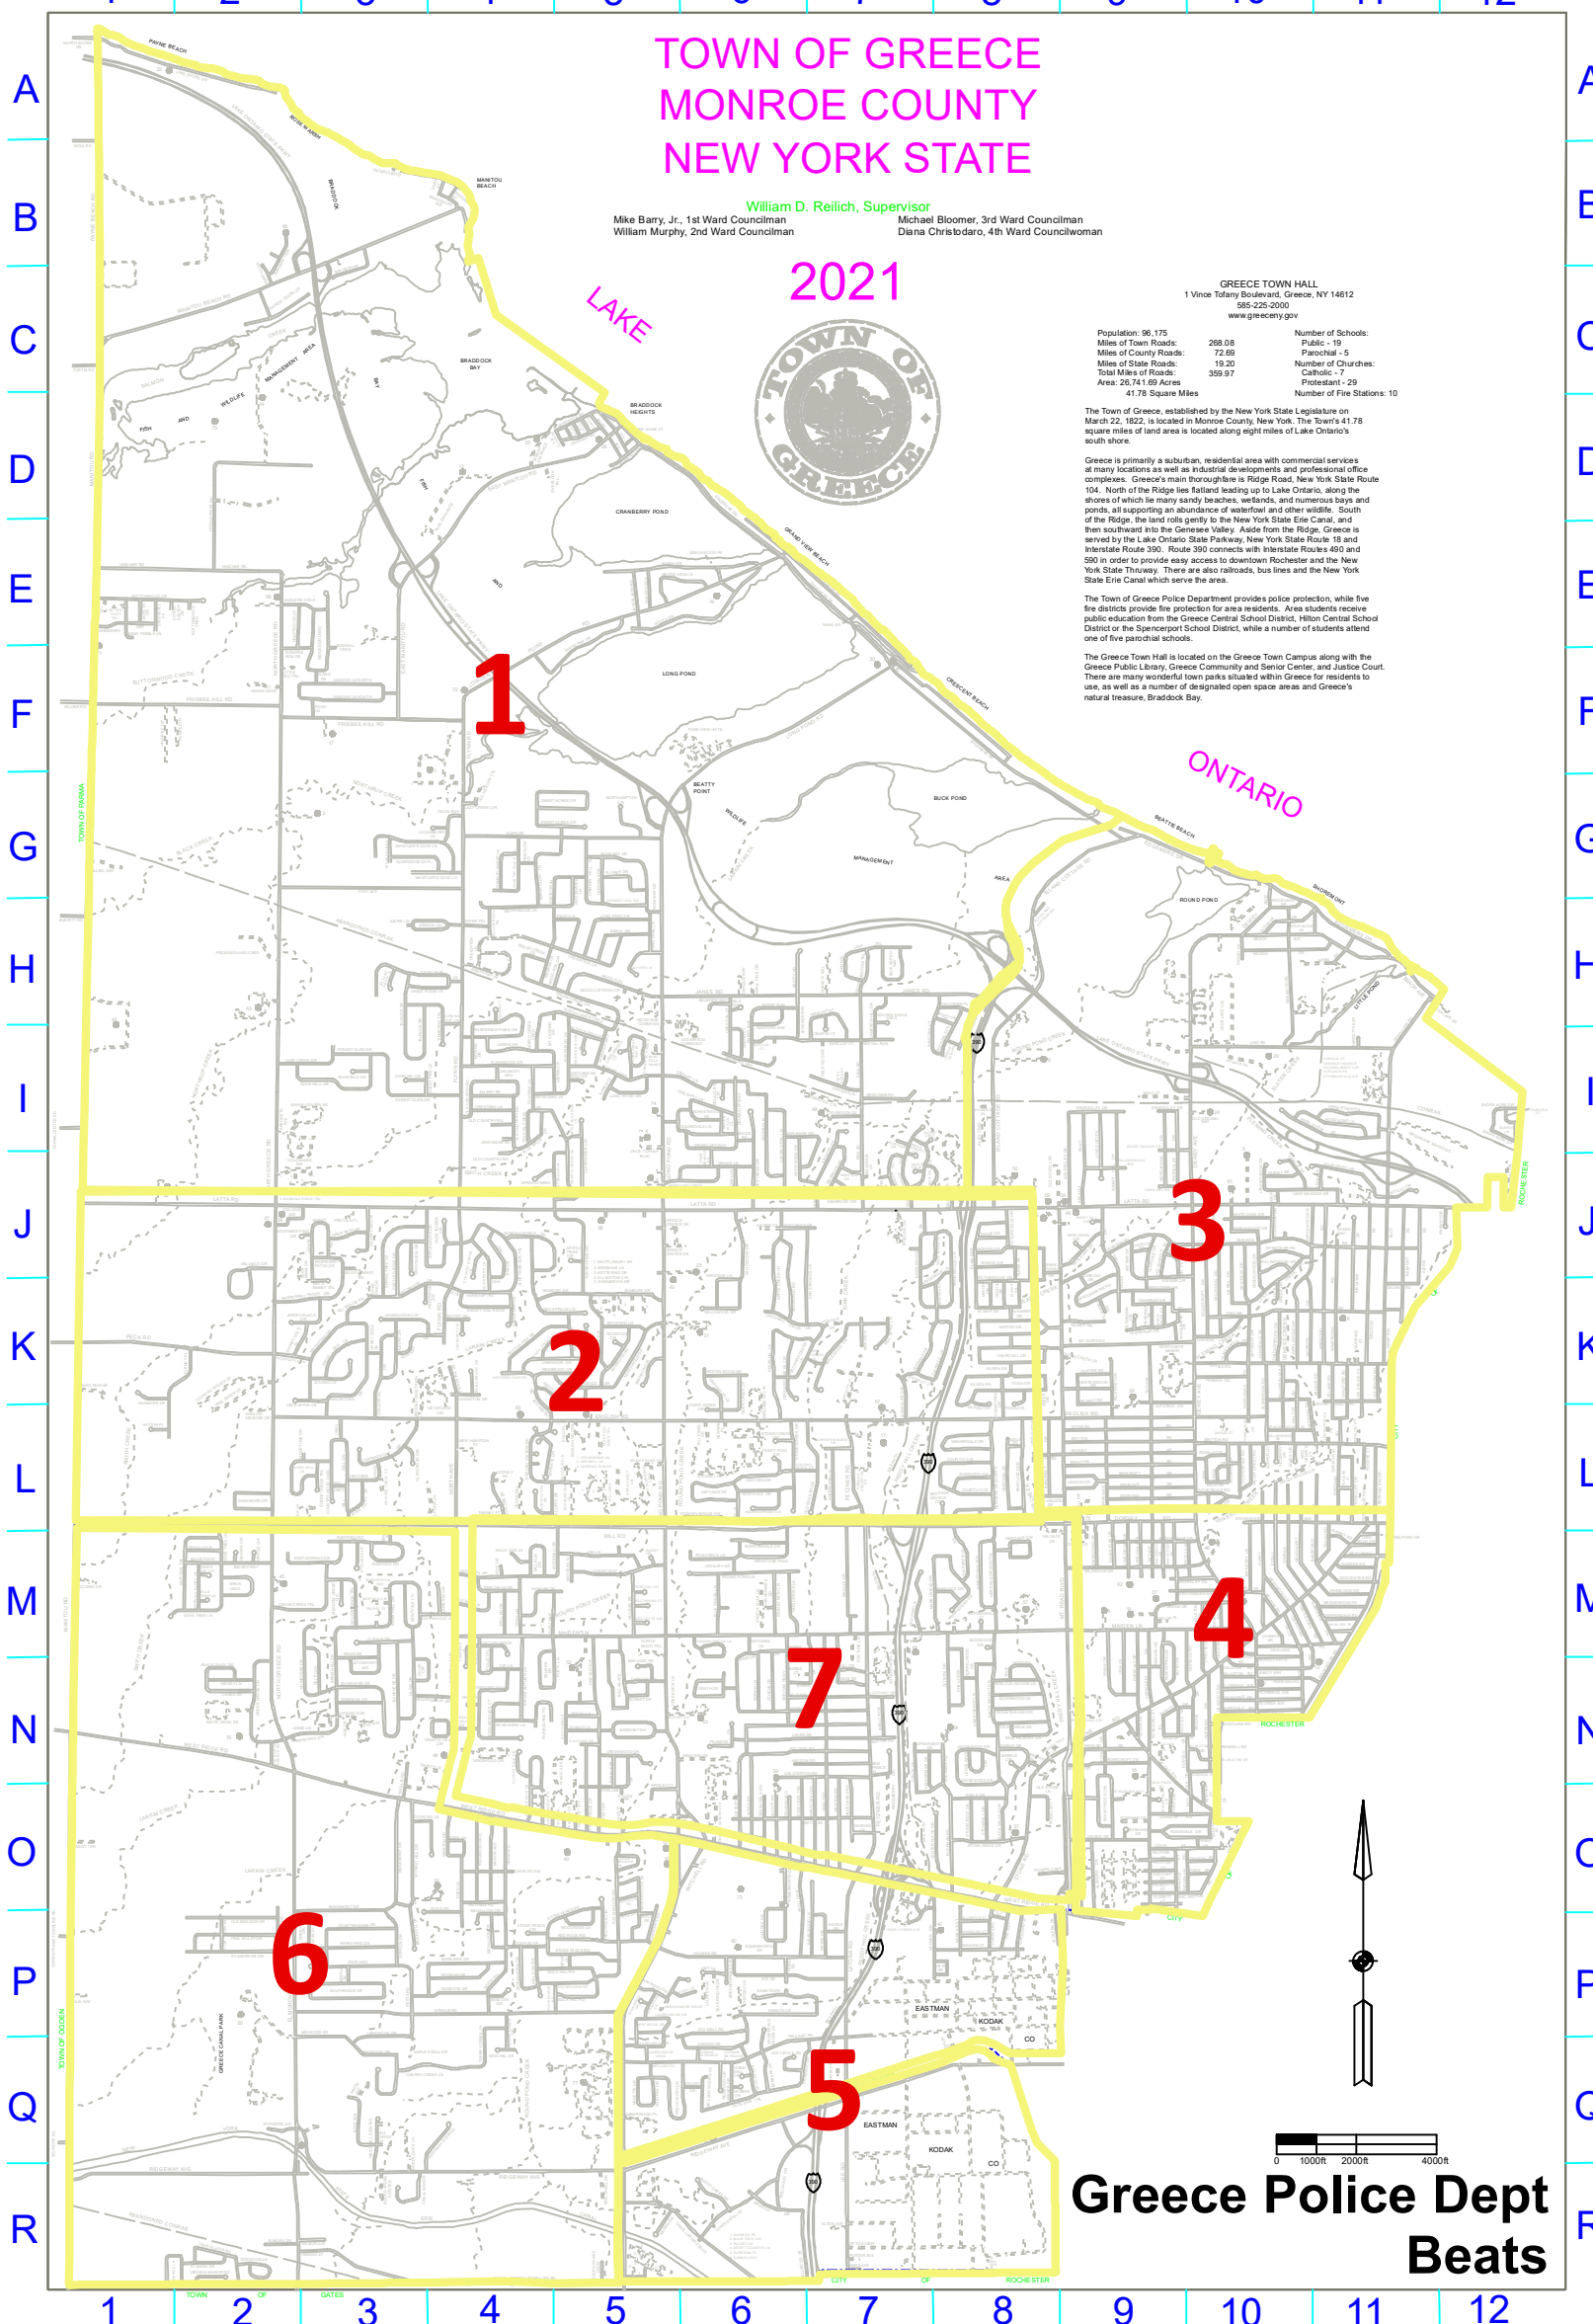

Number of Schools: Public - 19
Parochial - 5
Catholic - 7
Protestant - 29
Number of Fire Stations: 10

The Town of Greece, established by the New York State Legislature on March 22, 1822, is located in Monroe County, New York. The Town's 41.78 square miles of land area is located along eight miles of Lake Ontario's south shore.

Greece is primarily a suburban, residential area with commercial services at many locations, as well as industrial developments and professional offices. Greece's main thoroughfare is Ridge Road, New York State Route 104. North of the Ridge lies flatland leading up to Lake Ontario, along the shores of which lie many sandy beaches, wetlands, and numerous bays and ponds all supporting an abundance of waterfowl and other wildlife. South of the Ridge, the land rolls gently to the New York State Erie Canal, and then southward into the Genesee Valley. Aside from the Ridge, Greece is served by the Lake Ontario State Parkway, New York State Route 18 and Interstate Route 390. Route 390 connects with Interstate Routes 490 and 590 in order to provide easy access to downtown Rochester and the New York State Thruway. There are also railroads, bus lines and the New York State Erie Canal which serve the area.

The Town of Greece Police Department provides police protection, while five fire districts provide fire protection for area residents. The students receive public education from the Greece Central School District, Hilton Central School District or the Spencerport School District, while a number of students attend one of five parochial schools.

The Greece Town Hall is located on the Greece Town Campus along with the Greece Public Library, Greece Community and Senior Center, and Justice Court. There are many wonderful town parks situated within Greece for residents to use, as well as a number of designated open space areas and Greece's natural treasure, Braddock Bay.
